ABOUT ME

Passionate **Full Stack Developer** with **2+ years of hands-on development experience** in designing and building scalable web applications. Experienced in both front-end and back-end technologies, with a strong interest in **Artificial Intelligence** and **Machine Learning**. Built **20+ real-world projects** ranging from responsive web applications to AI-powered solutions, gaining practical experience in software architecture, API integration, and modern development practices. Completed internships across **four organizations**, working on web development, Python development, UI/UX design, and software solutions in collaborative environments. A quick learner who enjoys solving complex problems, writing clean and maintainable code, and continuously exploring emerging technologies to build impactful digital products.

EXPERIENCE

Dreams Yours Infotech Consulting and Services (Current), *Software Development Intern* 04/2026 – 2026

- Develop and maintain **web and mobile applications** based on client requirements.
- Design and implement **CRM (Customer Relationship Management)** features to streamline business operations.

OctaNet Services Pvt Ltd, *Web - Devolpment Intern* 02/2025 – 03/2025

This project helped me push my creative and technical boundaries, blending functionality with design aesthetics to create a visually appealing and user-friendly experience. It also gave me practical experience in optimizing web performance and building intuitive UI/UX layouts in OctaNet Services Pvt Ltd.

OctaNet Services Pvt Ltd, *Python - Devolper Intern* 03/2025 – 04/2025

This project sharpened my understanding of Python fundamentals like file handling, functions, loops, conditionals, and object-oriented programming (OOP). It also helped me build real-world logic for secure, user-friendly banking operations.

CodSoft IT Services and IT Consulting, *UI/UX & Graphic Design Intern* 05/2025 – 07/2025

I have successfully completed four solo UI/UX projects, including a responsive restaurant menu interface , Email poster, Online E- Commerce . These projects emphasized intuitive navigation, mobile-first design, and clean aesthetics, enhancing my skills in creating user-friendly digital experiences in CodSoft

EDUCATION

Bachelor of Technology in Information Technology, *K. L. N. College of Engineering* 2024 – 2028
